

082 - Public Disclosure Commission

A001 Agency Administration

Statewide Result Area: Strengthen government's ability to achieve results efficiently and effectively

Statewide Strategy: Support democratic processes and government accountability

Expected Results

Provides critical support to public access and enforcement of disclosure laws activities and, therefore, makes a vital contribution to the success of the Public Disclosure Commission's (PDC) core mission.

A002 Enforcement of Public Disclosure Laws

Statewide Result Area: Strengthen government's ability to achieve results efficiently and effectively

Statewide Strategy: Support democratic processes and government accountability

Expected Results

PDC has two enforcement related performance measures: the percentage of candidates, political committees, lobbyists, and public officials who meet statutory filing deadlines and the number and percentage of routine investigations completed within 90 days. In addition to overseeing compliance with filing deadlines, PDC also receives annually approximately 70 complaints of alleged violations from the public. The agency is working to decrease the amount of time it takes to bring complaints to resolution by instituting a case tracking system that sets a 90-day goal for completion of routine investigations. The agency must take into account interruptions caused by 45-day letter investigations (see RCW 42.17.400) and the fact that enforcement staff have other duties, including assisting filers to comply with the law, which accounts for approximately 40 percent of their work time. During Fiscal Year 2004, 85 percent of enforcement cases were closed within 180 days, with 32 percent completed within 90 days.

A003 Provide Public Access to Certain Campaign, Lobbying and Financial

Statewide Result Area: Strengthen government's ability to achieve results efficiently and effectively

Statewide Strategy: Support democratic processes and government accountability

Expected Results

According to RCW 42.17.461, copies of campaign and lobbying disclosure reports, or data from those reports, filed electronically are to be available on the PDC's web site within two business days of receipt by the agency. In fact, data from electronically filed reports are immediately available and images of these reports are accessible within 15 minutes of being sent by the filer. For campaigns and lobbyists filing on paper, copies of the reports or data are to be available within four business days of receipt. Actual performance shows that images of paper reports are Internet-accessible the same day the reports are received, and data from selected campaigns are also entered by PDC staff within an average of two days.
